ROSWELL HAS STRUCK OIL.

Somebody Was Boring an Artesian Well, Struck Oil, and Caused Wild Excitement.

The striking of crude oil in the artesian well at River Side stock yards has occasioned the wildest excitement in Roswell and oil is all that one can hear talked on the streets, says the Roswell Record. This oil was encountered several days ago, but it was kept secret for awhile. Now hundreds of people are flocking to the scene of the strike on every train and many are driving there to take claims and make investigations. Six sections have already been staked out and claims are still being taken with a rapidity that is astonishing. The ones who would get rich quickly can see a fortune in the not far distant future in a gusher. Thousands of people are expected to arrive there within the next week and the land for miles around will be taken up.

You Should Vote for Andrews

Senator Andrews will be in sympathy with the administration in Washington, where a democrat would be lost.

Senator Andrews has great influence personally with numerous representatives and senators in national legislative bodies. Senator Andrews is developing the resources of New Mexico.

Senator Andrews is bringing millions of dollars of money from the east to the pockets of the people of this territory.

Senator Andrews is opening up New Mexico by a great system of railways similar to the Denver and Rio Grande of Colorado.

Senator Andrews understands your needs and is a business man capable of supplying these needs.

Senator Andrews does not talk. He does things.

Vote for a man who helps you; who knows how, can, and will help our territory.

A Heavy Load.

To lift that load off of the stomach take Kodol Dyspepsia Cure. It digests what you eat. Sour stomach, belching, gas on stomach and all disorders the stomach that are curable, are instantly relieved and permanently cured by the use of Kodol Dyspepsia Cure. S. P. Storrs, a druggist at 297 Main street, New Britain, Conn., says: "Kodol Dyspepsia Cure is giving such universal satisfaction and is so surely becoming the positive relief and subsequent cure for this distressing ailment, I feel that I am always sure to satisfy and gratify my customers by recommending it to them. I write this to show how well the remedy is spoken of here." Kodol Dyspepsia Cure was discovered after years of scientific experiments and will positively cure all stomach troubles. Church Notices.

"Rally Day" will be observed at the Presbyterian church tomorrow at 10 o'clock a. m. All are invited to come and hear the children sing. There will be addresses and violin music. At the evening service the theme of discourse will be, "The Rise of Peter after his Fall."

The Ladies' Aid Society of the Presbyterian church will give a Tea at Mrs. N. A. Kutzner's next Tuesday at 2 o'clock p. m. A large attendance is hoped for.

An illustrated lecture on the Yosemite valley, the big trees of California, and the Yellowstone park will be given soon by S. C. Small of Boston. Mr. Small is not a professional lecturer, but he will describe what he himself has seen. The proceeds of the lecture will go toward paying the debt on the Presbyterian manse.

Attention, Sheepmen!

Wool growers, under the McKinley tariff law your product commanded about 17 cents a pound; under the democratic Wilson tariff law the price fell to 5 cents a pound. Now again under the republican Dingley tariff law the price of wool has risen to from 15 to 18 cents a pound. A vote for Money is a vote for 5-cent wool. A vote for Andrews is a vote for 18-cent wool. Which do you like best?

REPUBLICAN DEMONSTRATION.

The Court House Auditorium Packed to Its Utmost Capacity and Many Turned Away for Lack of Even Standing Room.

GOVERNOR OTERO, SENATOR ANDREWS, COL. PRICHARD, AND OTHERS SPEAK.

A Grand Ovation to the Republican Candidate for Delegate to Congress, to New Mexico's Popular Governor, and to the Cause of Republicanism.

The greatest political demonstration witnessed in Socorro in recent years occurred Wednesday evening in honor of the visit of Governor Otero and Senator Andrews and their campaign party. All day long the crowd in the city kept increasing by the coming of people from the surrounding country and villages. More than an hour before the time set for the addresses in the court house, the spacious auditorium was crowded with expectant people and when the hour for the appearance of the speakers finally arrived every available foot of space in the room, even to windows, doors, and the stairway, was packed with humanity. It is doubtful if this political demonstration, this popular ovation to political leaders, was ever surpassed, or even equaled, in Socorro.

Women's skilful hands had lent an unusual charm to the appearance of the court room. Flags, bunting, and flowers were artistically arranged about the room, the center of decoration being the speaker's stand. Back of the stand, pictures of Roosevelt and Fairbanks, Governor Otero, and Senator Andrews adorned the wall under a canopy of flags, while the name "Andrews" was skilfully woven in evergreen foliage. The general effect of the decorations was artistic in the extreme.

At half past seven o'clock the assemblage was called to order by chairman Jose E. Torres of the republican county central committee and organization was perfected by the election of Hon. Juan Jose Baca as president and Honorables M. Cooney and A. Schey as vice-presidents. On assuming the chair, Mr. Baca delivered a brief but earnest and enthusiastic address in behalf of the cause of republicanism. The motion to the effect that Mayor A. C. Abeytia and Hon. Dan'l H. McMillan be invited to seats on the platform was carried without a dissenting vote. A committee consisting of Messrs. Estevan Baca, W. H. Byerts, H. G. Baca, Elfege Baca, A. A. Sedillo, J. E. Torres, John E. Griffith, Francisco Abeytia, Jose Armijo y Vigil, and Severo A. Baca was appointed to wait upon Governor Otero and escort them to the court-room. The entrance of the distinguished republican leaders was the signal for enthusiastic and prolonged applause.

GOVERNOR OTERO'S ADDRESS.

Governor Otero was the first speaker. After predicting Senator Andrews' election by a majority of several thousands over his two opponents and also paying him a high tribute for the service he had already rendered New Mexico, the Governor emphatically and completely refuted several of Mr. Money's campaign statements. Mr. Money has repeatedly stated that the territorial tax rate has been increased during the Otero administration. "Correct," said the Governor, and then quoted from official records to show that his administration had paid off several hundred thousand dollars of indebtedness contracted by the Thornton democratic administration and had largely increased the appropriations for the support of territorial institutions. These things had made an increased tax-rate necessary. Governor Otero said, besides, that under the last democratic administration territorial warrants sold at 40, 60, and 80 cents on the dollar, while under

the present administration no territorial warrants had been sold for less than 100 cents on the dollar, and that there is now \$250,000 surplus in the territorial treasury. It has been repeatedly asserted by Mr. Rodey, or in his behalf, that the territorial administration defeated him at the Albuquerque convention. Governor Otero showed that in fact Mr. Rodey received more votes and a far larger percentage of votes in that convention from territorial officials than Senator Andrews did. The Governor then stated that in his next message to the legislature he would recommend an appropriation for the relief of the people who had suffered from the recent floods in the Rio Grande valley. He paid a high tribute to Hon. H. O. Bursum for his economical administration of the affairs of the territorial penitentiary. Mr. Bursum has reduced the expense of maintaining the prisoners from 63 cents to 29 cents per capita. The speaker added that Mr. Bursum had been ably assisted by Hon. W. E. Martin and advised the people of this district to elect Mr. Martin to the legislature. The Governor closed his address with the statement that he and his party had visited every county but one in the territory and that in all his political experience he had never witnessed such enthusiastic receptions and ovations as they had been favored with.

SENATOR ANDREWS' ADDRESS.

Senator Andrews was then introduced. The Senator spoke very briefly but directly to the point. He said that he was not an orator, but a plain business man; that he had built railroads in New Mexico, and expected to build more; that irrigation enterprises were so expensive that they must be undertaken by the general government; and that if he were sent to Washington as delegate to congress from New Mexico and found that he was unable to get appropriations for irrigation in the territory he would resign and come home. Senator Andrews' brief address was well received.

COL. GEO. W. PRICHARD'S ADDRESS.

Col. Prichard was the last speaker of the evening and he acquitted himself in his usually happy manner. He reviewed the republican and the democratic records thoroughly and showed that the democratic party was never so lucky as when it was defeated. He called attention to present prosperous conditions. He asked why confidence should be withheld from the party under whose administration such conditions had been brought about, and whether it would be better to return to the 5-cent wool, the 50-cent sheep, the multitude of soup-houses, and the Coxey's armies of tramps that characterized the Cleveland administrations. Col. Prichard closed his effective address with a statement of some of the strong reasons why Senator Andrews and not Mr. Money should be elected.

Thus ended the addresses of the evening. For fully an hour afterwards Governor Otero and Senator Andrews stood before a passing line of people, shaking hands and speaking a cheerful word with each. All in all, this may be characterized as one of the very largest and most successful political gatherings ever held in Socorro.

ANDREWS' MAJORITY, 6,000.

Even That Large Number Is Considered a Very Conservative Estimate for the Senator.

GOVERNOR OTERO IS CONFIDENT.

Never Was Better Satisfied in His Life with a Campaign in New Mexico.

Albuquerque, N. M., Nov. 4.—Senator William H. Andrews was seen yesterday in this city regarding the result of the approaching election in which he is the republican candidate for delegate to congress. "I really prefer not to be quoted at this time," the candidate answered, "only that the result will undoubtedly give me a heavy majority. I have visited every county but one and know the prevailing sentiment. The receptions that have been given the Governor and myself have greatly impressed me. The mere I see of New Mexico the more I love it. The trip we are just completing has shown me the great extent of the territory and its many needs. It has taught me better than ever before the fact that we live and have our homes in a territory of wonderful resources, vast and undeveloped, of unexcelled opportunities and of limitless possibilities, but a territory unfortunately handicapped by certain natural disadvantages. When I am in congress I shall devote all my time and influence to the removal of all obstructions to the growth of New Mexico. Today my election being practically assured, I pledge myself to secure those appropriations so essential to the systematic irrigating of our lands and the storage of the waters of our rivers and to secure for each particular section, regardless of locality, federal assistance so long delayed."

When Governor Otero was asked regarding his view of the situation he said: "Useless to talk. Senator Andrews has the votes and will win by one of the heaviest of majorities. Six thousand, I believe, is too conservative. I never was better satisfied in my life with an election in New Mexico. We are sending a man to congress who is the man for the position. I firmly believe that in electing Andrews we elect a man who will secure the tardy recognition of the greatness of our territory in Washington. He is well known, has great influence, is in sympathy with the administration and will make good where many have failed. On our trip the people have been very considerate and now at the close of the campaign I desire to thank them for their enthusiasm and kind receptions."

Death of D. Wattlelet.

Mr. D. Wattlelet, an old and highly respected citizen of Socorro, died in the city Thursday morning, Nov. 3, after an illness of about a week. The remains were laid to rest in the Socorro cemetery yesterday.

Mr. Wattlelet was born and reared in Paris, France. He came to Socorro in 1881 and has resided here continuously ever since. He leaves a wife, two children, Leo and Alice, and three step-children, Mrs. E. M. Kealer, Mrs. L. Bertrand, and A. C. Lafont, to mourn his loss.

Thousands Cured.

DeWitt's Witch Hazel Salve has cured thousands of cases of piles. "I bought a box of DeWitt's Witch Hazel Salve on the recommendation of our druggist," so writes C. H. LaCroix, of Zavalla, Tex., "and used it for a stubborn case of piles. It cured me permanently." Sold by Socorro Drug and Supply Co.

Jaramillo and Armijo, Commissioners

Eduardo Jaramillo and Alfredo Armijo have conducted their own private business successfully. That is the best guarantee that they will conduct the county's business well. Vote for them for County Commissioners.
